Hello everyone!

I had a chance to meet most of you already as you arrived. My name is [insert name] and I’ve been a cabi Stylist for [XX] years. [Insert personal story here]

Thank you to [insert Hostess name] for allowing me to bring you what we call, the cabi Fashion Experience!

Just before we start, a little bit about cabi. Cabi began 15 years ago with a renowned fashion label, Carol Anderson, and 12 founding women. We’re a company created by women for women, and today I’m one of thousands of cabi Stylists who deliver cabi’s fashion and styling ideas to women across the country!

Our seasonal Collection begins with the vision and inspiration from our Design Team. They designed the Collection you’ll see today with signature designer details, feminine touches, and pieces that mix and match to create looks you may have never thought possible. You can only buy these exclusive pieces through cabi and then they’re gone at the end of the season. They’re one of a kind and only available for a limited time!

Now, how many of you have been to a cabi Fashion Experience before? [Acknowledge those who have and those who haven’t.] Okay, and how many of you wake up each morning and stand in front of your closet and wonder, “What am I going to wear?”

Or, how many of you have a closet full of individual clothing pieces, but struggle to put the right outfit together and wish you had the help of someone who could tell you how to pull it all together?

Well, that’s my job. As your cabi Stylist, I’m here today to help solve these problems. Cabi is a unique shopping experience that offers a solution to the frustration of shopping and struggle of putting outfits together. It’s revolutionizing retail and giving women a better way to shop. Cabi keeps me up to date on all the latest trends, styling ideas, and insider fashion tips, and it’s my job to help you build a wardrobe full of looks you love.

Over the next few minutes, I’ll share the entire Collection, unedited. In fact, if you were a buyer in a major department store, this is what you would experience if you went into a designer’s studio or showroom. I’m going to move at a fast pace because the fun part is at the end when you get to try it all on. As I go, I’ll share trends and styling ideas with you.

Grab your Look Book to follow along...I’ll go in the exact order of the pictures shown. Mark it up to remind yourself what you want to try on. So, let’s start with our first group, Sail Away...
**Additional Message Points**

Consider where to pepper in key information throughout your show presentation, like letting guests know you’re available as their Stylist throughout the season and sharing about The Heart of cabi Foundation. As you practice, find a place for this information that’s natural for you, whether it’s in between groups, showing off the Heart of cabi piece, or right before try-on.

**An ongoing relationship with cabi**

*Beyond great fashion, cabi is about the connection—so a few ways we can stay connected…*

*Between Fashion Experiences, you can reach out to me anytime for styling ideas and how to mix and match to make the most of your cabi wardrobe. If you want, I’ll also reach out to you during the season about our coveted New Arrivals Collections or pieces that may go well with what you already purchased. In addition to your seasonal Look Book and the Notion, we can also stay connected digitally through my website, [insert FirstnameLastname].cabionline.com, and cabi’s blog. You can purchase additional pieces any time you want through my personal website, but our website and blog are so much more than online shopping—they’re your go-to resources for styling ideas, full of styling tips and outfit inspiration from cabi and renowned fashion bloggers, and even ideas from other cabi women! If you don’t already follow our blog, give me your email when you check out so I can add you to the weekly styling ideas emails.***

**W.E. are cabi**

*From the earliest days of cabi, our Founders dreamed of creating a company that could do good far beyond the cabi Fashion Experience in the living room. In 2005, we launched The Heart of cabi Foundation to encourage and empower women in need. Since Spring 2015, for every new cabi Stylist who starts her business, cabi funds a small business loan in her name for a woman entrepreneur in a developing country through Opportunity International. The two are connected as Sister Entrepreneurs as they build their businesses. It’s such a meaningful part of cabi and has inspired me as an entrepreneur because I know we’re collectively transforming the lives of women and their families around the world. If you want to learn more about this program, don’t hesitate to come up to me after my presentation.*

**The Heart of cabi Foundation ❤**

*Beyond our W.E. are cabi Program, The Heart of cabi Foundation has even more ways in which you can help women in need. To date, millions of dollars of clothing have been given to North American communities affected by natural disasters, coupled with the efforts of local cabi Stylists. We enable you to join in the giving in a few ways. Our Make a Change Program allows our customers to round up purchases to the next full dollar or pound, which also funds small business loans for women entrepreneurs in the developing world. When you are checking out, you will see an option to round up on the order form. And by purchasing our Spring ’17 Heart of cabi item, the Crush Top, a portion of the net proceeds go toward our Foundation as well.*
A patchwork of mismatched stripes makes this lightweight sweater feel oh-so-fresh. The navy striped placement print stands out against the clean white base of this long topper. Contrasting rib and flat knits echo the variety of stripes and stitching throughout this casual piece. Functioning buttonholes along the neckline add another unexpected designer detail.

White abstract dandelions pop against the classic navy of our new favorite poly, so silky it slips between your fingers. A ruffle peplum along the back lends even more feminine flair. This sleeveless button-down is slightly cropped and can still be front-tucked for easy styling.

As your go-to shoe highlighter, the flared crop remains relevant and playful this spring—this season’s update to the Fall ’16 New Crop has a slightly higher rise and even more of a kick in the leg opening. The all-new white denim is a pinch heavier for better coverage than that of past seasons and it’s a tad gutsier, retaining its shape so you can flaunt your shoes and your figure.

This simple sweater shell is just as comfy as your go-to tee, but much more sophisticated. Red and white stripes run along the hem, sleeves, and down the back of this little number, creating an elegant twist on classic red, white, and blue. The dull yarn of the navy knit plays beautifully with the rest of the Collection, but we especially love it next to the shiny knit of the Dame Skirt for a coordinated dress look.
**5186**  
**Dame Skirt**

This sweater skirt’s shiny yarn gives it a subtle sheen and a high-end designer look. The skirt feels slightly heavy on the hanger, but once it’s on, it feels just like a supportive scuba fabric—holding you in for a flattering streamlined shape. Meant to be worn at your true waist, it looks great with a cropped sweater.

Fall ’16’s Top-Notch Trouser was created in a new color—classic navy. This beauty features a wide waistband with belt loops and flap pockets. It sits slightly higher on the waist, is slimmer through the hip and leg, and has a wider leg opening. Available in regular and long, this ponte trouser holds you in for an ultra-flattering silhouette and pairs beautifully with all the navy ponte in the Collection.

---

The same dark grounded floral of the Flirt Skirt also stars in this floaty little number. With adjustable straps and a cute cutout notch beneath the neckline, this easy-breezy piece is a spring essential. The dainty top front-tucks easily into a pair of jeans—try highlighting the print’s colors by pairing with this season’s Tidal Skinny, the Nectar Skinny of Spring ’15, or tuck into the Flirt Skirt for a coordinated makeshift dress.
Stretchy ribbed ponte, both lightweight and substantial, gives this navy and white jacket a crisp sense of structure. A classic trench flap in the back provides a touch of volume, while the yellow-printed seam binding adds a dash of cheer to the inside. Navy and white buttons, three-quarter sleeves, and slash pockets top off this spring must-have.

Two layers of printed chiffon add dimension to this elegant blouse. A tropical print, complete with palm fronds and colorful orchids, is filled with an array of colors which makes this top a breeze to pair. The small cap sleeve borrowed from Spring ’16’s Plume Top provides coverage, while the silky fabric folds in on itself to maintain a sense of shape. A peek-a-boo slit at the center back hem adds flirty interest while merrow edging down the center back seam finishes off this beauty.

This airy dress, featuring a tropical print with a multitude of rich greens, is perfect for spring weekends and summer getaways. A flounce along the bottom adds flirtatious volume to this sleek and easy-to-wear dress. The doubled layers of printed chiffon create a dimensional pattern that’s as fresh as it is beautiful. A shallow V-neck flatters your face and adjustable straps allow you to customize the fit.

The rich emerald green of this luxurious knit pairs beautifully with so much of the Collection. The body of the sweater has a wedge shape with slim dolman sleeves. A double release zipper runs from the bottom of the deep V to the hemline, allowing for a customized fit. In back, a tiny V-neck at the nape of your neck and a center seam ensure you look chic coming and going.

The bright color has a gray tint so it doesn’t overwhelm, and the color catches the blues running throughout the Collection, allowing for many coordinated ensembles. As the colored jean of the season, this washed down aqua blue we’re calling “tidal” is so wearable. The bright color has a gray tint so it doesn’t overwhelm, and the color catches the blues running throughout the Collection, allowing for many coordinated ensembles. The same fit and fabrication of the Fall ’16 Lace Curvy Skinny, the curvy silhouette, featuring a slightly higher rise, nipped-in waist, and a little more room through the hip and thigh.

This darling cropped three-quarter sleeve jacket is made of a new stretch woven fabric with white and gray dots, which create a shadow effect against the black base. Slim shoulder pads and gorgeous seaming allow a great shape that nips you in at your narrowest point. Strips of gathered black chiffon are woven around the edges of the jacket while hook-and-eye closures make for a clean line down the front. It’s a great topper with jeans or paired with the Dot Trouser for a charming suit.

A grayscale floral covers two layers of chiffon, creating the illusion of a shadow beneath the flowers. The flowers grow larger and darker toward the bottom of the body-skimming cami. Two short layers of chiffon ruffle at the shoulder blades and highlight the halter style, adding a little volume to this flirtatious piece.

From a motorcycle ride to brunch with the girls, this warm gray stretchy denim is super comfy and versatile. Slightly faded for a well-loved look, they can be cuffed and worn with sandals or tucked into boots for year-round wear. Flat zippers adorn the front slash pockets of our beloved skinny fit, which fits slim through the hip and thigh, with a narrow leg opening.

One of the most unique pieces in the Collection, we love this modern take on the classic black cardigan. The tight-knit ribbing on the front looks like a thermal, but the back of the sweater is sleek black and woven with a subtle sheen. The Windbreaker Cardigan is long enough to provide plenty of coverage and a small sporty toggle allows you to customize the fit. Front pockets and simple black buttons cap off this stylish topper.
Put on this little number for instant polish. Two layers of floaty white polyester create volume on top, while a band of ponte creates a sleek silhouette at the waistline. A hidden zipper up the back and a flirty slit between the shoulder blades keep the lines of this top clean and the vibe sassy. Wear untucked or tucked—it’s sophisticated either way.

These high-waisted trousers have an ultra-flattering slim fit in the same fabric of the Dot Jacket. A gorgeous stretch woven fabric with white and gray dots create a shadow effect against the black base. Complete with a wide flat waistband and side zip, the pocketless trousers have an uncomplicated silhouette that makes your legs look long and lean.

The same flowy A-line shape of Spring ’16’s Martini Top has been revamped in this ethereal button-down. The neutral floral print has an array of soft colors, which work beautifully on the dreamy sheer poly. Wear it over a cami for coverage.

This romantic button-down gives new definition to the term effortlessly chic. Sweet peach daisies stand out against the near-black base of the lightweight poly blouse. While three-quarter length ruffled bell sleeves add controlled volume, the moody floral provides playful contrast to the flowy feminine cut of the top. Slightly sheer, wear it over a cami for coverage.

Put on this little number for instant polish. Two layers of floaty black polyester create volume at the top, while a band of ponte creates a sleek silhouette at the waistline. Three-quarter sleeves, a hidden back zipper, and a flirty slit between the shoulder blades keep the lines of this top clean and the vibe sassy. Wear untucked or tucked—it’s sophisticated either way.
White field daisies cover the vibrant yellow base of this eye-catching statement jacket. The soft cotton spandex fabric lends a little stretch, while thin shoulder pads add a hint of structure. Cool metal buttons and flap pockets at the chest and hip provide visual contrast to the bright base of the jacket. A gusset on each sleeve lets you narrow the wrist or unbutton for easy cuffing. Princess seaming in back provides great shape and the vented flap in the center is a touch longer than the sides, which infuses a hint of fun into the back hemline.

The watercolor skin print of the Fierce Top evokes the feminine feel of floral, both delicate and alluring. Elastic at the neckline creates a darling ruffled collar and gentle gathers flow softly down the body of the silken poly piece. Navy, yellow, and cocoa brown play well with the multitude of gray shades. This spunky toss-it-on top pairs well with jeans and is easily dressed up for a day at the office.

The super popular Crop Top from Spring ’16 was reimagined for 2017. The French Terry fabrication is sturdy yet stretchy so you feel covered and oh-so-comfy. Simple white and navy stripes cover the top, but silver zippers at the shoulder add a pinch of pizazz to the simple silhouette.

Made of modal French Terry, this classic navy crop feels like butter. This wide leg crop has a slightly higher rise with a side zipper and stylish tie at the waist. Perfectly coordinated with the Easy Tank and Easy Topper, these trousers can be dressed up with heels or styled more casually with a simple tee and flats.
Light and luxurious rayon creates a delicate scarf to complement the Spring 2017 Collection. Strips of florals grounded in both black and white, as well as an abstract skin print, come together in this dimensional patchwork design. Trimmed in tiny black fringe tassels, this playful scarf is a great throw-on-and-go accessory for that extra outfit “umph.”

**Color:** fiesta floral  
**Price:** USA $86 | CAN $106 | UK £68

In the same cut of Spring ’16’s Plaza Top, the New Plaza Top is fittingly crafted in our new favorite polyester fabric—so soft and delicate. The warm off-black ground of the sweet floral has dashes of pink here, red and aqua there, and dots of white all over.

An updated take on the denim jacket, the soft and stretchy fabric is a perfect lightweight layer. The super thin stripe gives a subtle nod to the classic conductor’s getup that inspired the topper, while still maintaining a modern fashionable feel. Topstitching and seaming contour the slightly boxy cut so it flatters. Patch pockets on the chest and flat pockets at the hip make this piece as practical as it is stylish.

Supremely feminine, this season’s Heart of cabi top features a vibrant red ground floral. Pops of yellow, periwinkle, and pink make for bright bouquets and easy pairing. A ruffle floats gently from the open collar neckline to the center of the sheer chiffon blouse. Wear over a cami for coverage.

The crew neck and contrasting knit patterns on the sleeve and body put a sweatshirt spin on this silky soft sweater. The flattering swing shape hugs you up top and gently flares away from the body. The gorgeous pale blue works well over a number of toppers—try it over the Confetti Cami to pop the aqua dots or the Iris Tank for a color-coordinated outfit.

In the same cut as the Flirt Cami, this lightweight Confetti Cami is a breath of fresh air this spring. A tinge of aqua provides a subtle splash of color to the base, while colorful polka dots dance across two layers of printed chiffon. The dotted layers create dimensional shadows, while the cute notched cutout at the front infuses even more fun into this darling cami.
In the same silhouette and soft sateen of The Scout from Fall '16, The Hutton is updated for spring. Flat pockets in back give it a more streamlined look, and the new leg opening, which has a flat front and an elastic back, makes for easy cuffing and a cleaner line when left long. The washed-down red is nearly neutral, so don’t be afraid to pair it with other colors. Also available in sand dune.

An update to Spring '16's Asymmetrical Tank, we've shortened this tee and added a pop of color. The playful tee's contrasting red stripes on top and bottom are edged with smaller stripes at the armholes and neckline. Pair with The Hutton in nantucket red or with the Beachcomber Hoodie for a coordinated look.

A buttery rib knit boasts a simple A-line silhouette, similar to Spring '16's U-Neck Tee. The gentle racerback and scoop neckline are complemented by a raw edge of chiffon running along the neckline and armholes. This subtle addition infuses some visual interest into the streamlined piece. Also available in black.

En garde! Though we don't doubt this sweater looks great over your fencing uniform, this crisp white cardigan is also the perfect topper for nearly everything in your closet. The ribbed panel at the front ends just before the side seam, evoking a feeling of armor as it wards off the evening chill of early spring. Along with the flap pockets at the chest, the back and sleeves of the sweater are crafted from an opaque flat jersey knit, so there's no need to layer over a cami if you want to wear this as a top.
You’ll be pretty in pink in this feminine scoop neck sweater with a slightly boxy cut. The sheer pullover drapes effortlessly, collapsing into your frame and flattering your shape. Wear it over the Tie-Back Halter and let the print peek through, or over the blush V-Neck Cami for a simple ensemble.

This true tie-back halter is cut into an A-line shape that falls gracefully away from the body. Abstract poppies grow larger as they fall from top to bottom of this warm pink poly blouse. The seam binding down the back and sides feature fragments of tiny poppies for an unexpected finishing detail.

The asymmetrical seaming at the chest of the Bistro Tee is a new take on the classic striped tee. Three-quarter sleeves and a slight scoop neck make this black and white beauty ultra-wearable, and made in the same fabric of our U-Neck Tee, it has a subtle rib that is so soft and comfy, you’ll never want to take it off.

A darling addition to your spring wardrobe, the Court Skort is a sweet skirt-and-short combo with a paper bag-inspired waistline. A front bow tie and pockets add a touch of volume, while the buttons and elastic make for easy entry and added comfort. The soft cotton of the pale blue oxford cloth makes this lightweight piece a great option for a warm summer day.
Sleek white ponte drapes dreamily in this sporty hoodie. We can’t get enough of this clean-cut topper, complete with elastic at the waist, hidden snap closures, and slash pockets at the hip. Perfect over everything from skinny jeans to M’Leggings, we know you’ll put this hoodie to work this season.
